On Thursday J. H. Henry delivered 47 1405-lb. exports at 54c.

At Sharpsburg the local telephone company is pushing to completion their lines to surrounding towns.

We left Bethel at 3 o'clock spent an hour at Sherburne and returned to Bethel for the night.

The meeting which had been in progress at the Christian church for 12 days, conducted by Rev. C. W. Dick, was to close on Friday night. There had been three additions. The pastor of the congregation is N. H. Brooks, who is connected with the Kentucky Classical and Business College.

Rev. C. M. Schoonover who is preaching for the Greenville, Tex. Christian church, was spending a few days there.

W. H. Pieratt, wife and babe were to leave on Sunday for a week's visit at Ezel. The "four-looked babe," of whom we wrote two months ago, is doing nicely. She is a Daisy. She and the editor had a romp.

We met Wm. Day, wife and children at his store.

Milton Ratliff's daughter continues sick.

We were guests of Mr. Pieratt, who now keeps commercial men.

Tobacco and corn are doing well in the line of our trip. We saw three crops of tobacco where cutting had begun. Quality is said to be good, but not as heavy as usual.

Returning via Sharpsburg we dined with John Burris, Jr., near Plum.

Everything quiet at North Middletown, where we spent two hours.

Winston Hart has had typhoid fever for three weeks.

Socially, we called at Wm. Gay's. We had known his wife (nee Woodford) for — years. This was our first call at their attractive home.

The drive through the country is charming. We reached home after dark.

Extracts From Judge Cantrill's Speech.

At Frankfort last week Judge Cantrill delivered a very strong speech to the Grand Jury. He referred with sadness to the shooting of President McKinley:

JURIES DERELICT.

He said that crime had run rampant throughout the United States within the last few years and it was easy to trace one of the chief causes for such a condition. "The derelictions of the grand and petit juries are more to blame for the state of affairs in this country at the present time, and especially in this Commonwealth, than of all other causes combined."

There can be no excuse of the petit juries of the country turning red-handed murderers loose upon the various communities of our land; there can be no excuse when the grand jury comes to deliberate upon the matters submitted to them, when they only stand in the presence of their God, that they should permit outside influences to control them in their deliberation.

CITIZENS FAIL TO DO THEIR DUTY.

In speaking of citizens who purposely evade the processes of the courts in an effort to detect crime, he said:

"The only security you have for your home and for your children who may come after you—is to aid the courts in every possible way you can in seeing the law vindicated."

THE PULPITS.

"The pulpits, as a rule, sent up no supplication to the Throne of Grace that the life of William Goebel should be spared to his Commonwealth," said he. "If there were any expressions or indications as to the feelings of the pulpits (the same pulpits in Kentucky which are now fomenting their thunderbolts against anarchists and anarchists, which is all right and of which I approve) at that particular time the public knew nothing of them. I know whereof I speak."

PUBLIC PRESS.

Referring to certain of the public press of this State, publications which, if they did not approve and encourage the murder of Goebel, winked at it, and after its culmination asserted that nobody knew or could find out who the assassin was, who ever since has been apologizing that such a thing was done. He said:

"I do not hesitate to denounce their conduct as being the conduct of a lot of lecherous, libelous, cowardly curs that no community ought to tolerate."

And yet from the time the grand jury first presented an indictment up to the present time that press has never failed to take advantage of every occasion and every opportunity to vilify, denounce and defame the officers of this court and

of the other courts where the cases have been pending. They have not hesitated one instant to denounce every juror who has ever tried any one of these cases as a perjurer and as a bribe-taker. They have denounced the Commonwealth's Attorney and the Judge of the court as being unfit for the positions they hold, and have offered all that every excuse it was possible to offer for the trials upon the part of the defendants.

HOPING FOR RECOVERY.

I pray and sincerely hope that the President will be spared to the people. I prayed and sincerely hoped that William Goebel would be spared to the Commonwealth of Kentucky. Notwithstanding that some of you gentlemen know, and if you do not know, the officers of this court know, that there has not been a time since the prosecution commenced up to the present time that the officers of this court including your Judge, have not been weekly and monthly threatened with assassination for their efforts to discharge their duty. But I speak not only for myself, but for my associate officers that come weal or woe, so far as the discharge of our duty is concerned in the prosecution of the pleas of the Commonwealth, and so far as my deliverances to the juries are concerned, I shall never swerve and I know they will never swerve one iota from the discharge of their conscientious duties.

In speaking of the fugitive W. S. Taylor, Judge Cantrill said:

"It is a lamentable fact, if history be correct, and if the newspaper prints be properly published, that the man who is now the second great officer of this great nation, then Governor of the State of New York, openly and above board assured the refugee from justice, and boasted of the fact, that if he came within his jurisdiction he should receive ample and proper protection."

A Mark of Respect to President.

Cook County, (Ill.) Democracy has voted to abandon its trip to the Pan-American Exposition, giving as a reason that it would be indecorous for a political club to march and enjoy itself in the streets of Buffalo at a time when the President of the United States was in distress nearby.

The club also adopted resolutions expressing sincere regret and sorrow at the attempted assassination of President McKinley, and hope that our esteemed President will be restored to full and perfect health.

This is praiseworthy.

Editor Gratz Stricken.

Howard Gratz, editor of the Kentucky Gazette, was stricken with paralysis Tuesday morning while at work in his office. He is seventy-seven years and has edited the paper for thirty-five years.

Tip Day Kills a Man.

On the East Fork of Indian Creek in Menefee county on Saturday night, September 7th, Tip Day shot Mr. Millard Ledford. It is said that the shooting was accidental; that they were returning from a moonshine stir-out, that Day slipped and fell and his pistol was discharged. The ball struck Ledford in the thigh ranging up. He died Sunday night.

Day is the man who killed Howard Wilson more than a year ago.

Circuit Court.

Alex Pendleton was given a life sentence for housebreaking, this being his fourth conviction. He was given a life sentence a few years ago in the Bath Circuit Court, but was pardoned by Gov. Bradley. It is quite a coincidence that Judge Cooper presides at all the trials and C. W. Nesbitt prosecuted Pendleton in each case.

In addition to the above the following persons were tried and given penitentiary sentences: Gabo Grimley, white, 5 years for housebreaking; H. S. Cockerham, white, 2 years for horse stealing; Will Komper, colored, 6 years for hog stealing; Sant Jones, colored, 2 years for hog stealing; Lot Oden, colored, 2 years for stealing from public building.

A number of persons were convicted for misdemeanors and fined and imprisoned in the county jail. The cases of W. H. Kash, for perjury, and Ed. Kelly, for seduction, were continued until next term.

The grand jury adjourned Wednesday, after returning 26 indictments.

The petit jury was discharged Tuesday and Court has adjourned until September 23.

Lost Item.

Miss Nancy Kalls, of Sharpsburg lost two rings valued at \$75, by leaving them in the toilet room of the C. & O. depot, Cincinnati, last week. She went back after missing them but was unable to find them.

THE SCRIBBLER

Wise and Otherwise—Mostly Otherwise.

Don't call your best girl a peach for peaches are cheaper and more common than potatoes.

It is said that a new cigarette has been introduced and is called the musical cigarette. Every time you take one from the box a miniature music box plays "Nearer My God to Thee."

A man was arrested for assault and battery for kissing a pretty girl who worked in a cotton mill in South Carolina. Her beauty was all that saved him. She was so pretty that the jury couldn't find it in their hearts to declare the fellow guilty.

The average Missourian's determination to be shown, sometimes results disastrously, as was illustrated by the man who, upon being told that it was raining, poked his arm out the car window to feel the drops and had it broken by coming in contact with a telegraph pole.

A paper out in Indiana announced that the bank in the town, where it was published, would pay \$19 for 1901 pennies, and many who failed to see the point began collecting the pennies and sending them in. One individual mailed four pennies of this year's date with the request that \$75 be returned to him and now the bank officials are kept busy trying to explain the joke.

An exchange is advocating the organization of a society for the preventing of cruelty to vegetables. Because, just think of digging the eyes of potatoes, pulling the ears from corn, eating the heads from cabbage, pulling the beards from rye, threshing wheat, cutting the heart out of a tree, spilling the blood of a beet, tearing the skin off a tomato, breaking the neck of a squash, cutting to pieces the pumpkin, scalding the lettuce, quartering the apple, raisins and many other outrages.

"Little Joe" Wilson told a reporter of the Advocate that one day last week he left Mt. Sterling for his home near Judy and after arriving there he proceeded to take the saddle off his horse, when he discovered that his saddle, like the Irishman's flea, was not there. He had ridden home without it. George Styles says Joe's horse was so fat he did not know the difference.

Original Greenback Man is Dead.

Franklin Landers died at his home in Indianapolis, Ind., Wednesday of a congestive chill. He was a famous Democratic politician in his active days, and the original advocate of the principle that greenbacks should be made a legal tender. He was elected to the State Senate in 1860. In 1864 he was named for Presidential Elector for Indiana on the McClellan ticket, and he defeated General John Coburn for Congress in 1874.

In 1875-76 the Greenbackers nominated him for Governor. His name was pressed for Democratic endorsement, but he withdrew and ran for Congress, and although he was defeated, he made possible the election of "Blue Jeans" Williams for Governor by running 800 ahead of his ticket. The Democratic party nominated him for Governor in 1889 against Albert G. Porter, and he went down with his party after a remarkable canvass.

ASTHMA CAN BE CURED.

Physician Will Prove
to Sufferers in Mount
Sterling.

The astonishing statement that Asthma can be cured, coming from a well known authority as Dr. Joseph Schiffmann, will be of great interest to asthmatic sufferers. The experience of most Asthmatics has been that little if any relief has been afforded them by the methods now before employed, and, in fact, the disease has up to now been regarded as incurable. This noted physician has, however, after a long study of asthma and kindred diseases, discovered a remedy which not only relieves the severest cases of Asthma, Hay Fever and Bronchitis, but has actually cured thousands whose cases had been pronounced incurable. So complete is Dr. Schiffmann's confidence in his remedy that he requests this paper to announce that for the next three days, he offers a liberal sample box of "Schiffmann's Asthma Cure" free of charge to all persons applying at Thomas Kennedy's drug store, W. Main St.

Dr. Schiffmann believes that an actual test will be the most convincing, and in fact the only way to overcome the natural prejudice of thousands of Asthmatics who have heretofore sought relief in vain. Persons living out of town will receive a package free by writing to Dr. K. Schiffmann, 370 Jackson Street, St. Paul, Minn., before Sept. 21st, and enclosing a fee stamp.

Drunken Quarrel.

George Snider, forty years of age, formerly of this city, but of recent years a resident of Lexington, hanging between life and death, the result of knife wounds in the abdomen, delivered in the course of a drunken quarrel by Will Taylor, of that city.

The affair happened a few minutes before 3 o'clock Sunday afternoon in front of Snider's home, on Robinson's Row, Manchester street. There are two entirely different stories told of the affair. One places the blame of the affair upon Taylor wholly and the other places it upon Snider and Will Jones, who was at the place, jointly.

Daughters of the Confederacy.

The Daughters of the Confederacy held their first meeting since their summer vacation last Wednesday afternoon. The attendance was not large, but the meeting, which was presided over by the President, Mrs. Gen. John S. Williams, was a very enjoyable one. There were present, besides the Daughters, two Confederate soldiers—Col. Thomas Johnson and Mr. C. F. Keesee, each making a short talk, which was much appreciated. The paper presented by Mrs. Lelia Henry on the Battle of Cynthia was not only historically correct, but was delightfully rendered. The Chapter gave Mrs. Henry an enthusiastic vote of thanks for the paper and asked that it be placed on file for future use by the U. D. C.

The Chapter will hold its next meeting Wednesday afternoon, Sept. 25, at four o'clock at Miss Pearl Bruton's school house on West Main street. It is earnestly requested that all the members be present. The topic to be discussed during this session is "The Battle-grounds of Kentucky."

The following are charter members of the Mt. Sterling Chapter:

Oil for the Children.

Give them oil—cod-liver oil. It's curious to see the result. Give it to the peevish, fretful child, and he laughs. Give it to the pale, anemic child, and his face becomes rosy and full of health. Take a flat-chested child, or a child that has stopped growing, give him the oil, and he will grow big and strong like the rest.

This is not a new scheme. It has been done for years. Of course you must use the right oil. Scott's Emulsion is the one.

Trial and Conspiracy Cases Postponed.

The trial of Jim Howard, charged with the murder of Gov. Goebel, was continued until the January term of the Franklin Circuit Court. The continuance was granted by Judge Cantrill on the ground that the Commonwealth's Attorney had failed to notify the defendant ten days before the opening of the present term of court of the filing of the mandate of the Court of Appeals reversing the first judgment in his case.

The conspiracy cases of the Commonwealth against W. S. Taylor, Charles Finley, Berry Howard, J. Green and Wharton Golden and William Calton were called in the Franklin Circuit Court and were continued until the January term.

Escaped Serious Injury.

Robert M. Trimble and sons returned from Buffalo N. Y. on Thursday night. He had a narrow escape while in Buffalo. On Wednesday night Sept. 3 they were returning from the exposition. His hat blew off, and he notified the conductor. The conductor took him by the arm to assist him off. The car was going faster than was expected, and Mr. Trimble was thrown to the asphalt pavement with great force. Medical aid was called when he reached the city.

Both knees were kept in bandages until Sunday, his face was considerably bruised and his left arm is still in splints. Mr. Trimble was in the city. After leaving Buffalo they spent a day at Toronto. Mrs. Trimble is spending a short time at Danville N. Y.

Successful Raid.

Deputy United States Marshal Press Jackson, of Salt Lick, Bath county, has just returned from a successful raid of moonshine stills in Menifee county. He captured and destroyed two stills, one containing 1,000 gallons of beer, the other containing 500 gallons. He also arrested two operators, Bob Messer and James Martin, and placed them in jail.

His Life Threatened.

A special from Richmond, Ky., last week, said: "Emmett White, son of Congressman J. B. White, of the Tenth Congressional district, arrived to-day from Farmers where he had been at work in a large lumber mill. He reports that in observance of Labor Day, the hands being union men, struck. He was nonplussed and refused to obey the striking orders, whereupon the strikers threatened to hang him. Fearing violence he left the mill. He will go to his home in Irvine until the strike is over."

Tobacco Crop Greatly Improved.

One of the most important crop bulletins ever issued by the Kentucky section of the U. S. Department of Agriculture was that which Maj. Hersey, section director, issued last week regarding the tobacco crop. The information contained in this bulletin is compiled from 500 replies as to the condition prevailing in the 52 tobacco counties of the State. Since the drought was broken the improvement in tobacco has been remarkable.

In the Barley districts covering the Bluegrass region and north-central counties, the conditions are not so favorable, but great improvement has taken place within the past two weeks, and with favorable conditions during the remainder of the season there will be a yield of nearly three-fourths of an average crop.

As to the condition of the crop in the central section of the State, the following opinions of the various correspondents is quoted:
Adair—Crops looking fine.
Allen—Tobacco doing well, but worms plentiful.
Boone—Promise of a fine yield of large size and good quality.
Carr—Tobacco has greatly improved since the rains, but not more than three-fourths of a crop.
Mercer—Tobacco doing well.
Scott—Crops being saved in fine shape and of fine quality.
Tobacco is doing well in Clark though not over three-fourths of a crop was planted.

In no portion of the United States has there been exhibited more pathetic demonstration of sorrow over the condition of President McKinley than in Virginia. In Richmond Saturday 7, the Constitutional Convention occupied its session in the passage of feeling resolutions of sympathy and denunciation of the crime, and in listening to eulogistic addresses by Senator Daniel and other prominent delegates, and then adjourned for the day.

The Wealth Producing Hog.

Nothing more significant has taken place in the way of a rise in the price of agricultural commodities than the advance in hogs. From March 1 up to September 4 Western packers had handled 11,795,000 head, as compared with 10,795,000 for the same period last year. The average price had risen to \$6.35 per 100 pounds, as compared with \$5.25 one year ago and \$4.35 two years ago. In Chicago the other day "top" hogs reached seven cents a pound.

Defends Howard.

James Andrew Scott, of Frankfort, has accepted employment to appear in defense of James Howard when his trial for the murder of Wm. Goebel when his trial is called in the Franklin Circuit Court to-day. Associated with him will be Thomas R. Gordon, of Louisville, and James A. Violet, of Frankfort. Dr. Baker, the Louisville postmaster, and C. M. Barnett, of the Republican State Central Committee, have for some time had charge of the defense of both Howard and Powers and the employment was either by them or John G. White of Winchester, the man at whose instance Howard came to Frankfort on the morning of the shooting of Gov. Wm. Goebel, for the purpose, according to his own testimony, of securing from the now fugitive Taylor a pardon for the murder of old man George Baker in Clay County.

Emma Goldman Suspect in Attack on President McKinley Arrested.

On Tuesday at noon Emma Goldman the anarchy agitator was arrested in Chicago. Chicago claims that her speeches incited him to attack the President. When arrested she claimed to be another woman, but soon admitted that she was caught. She was born in St. Petersburg, Russia, is 32 years old and has been in the U. S. for 16 years. She speaks Russian, German, French and English. She said: "I came from the middle class in Russia, but my heart has always been with the poor and down-trodden. The injustice of the Hay-market prosecution made an anarchist of me. I have taught the creed of anarchy ever since." She was arrested on a warrant charging her with conspiracy to kill President McKinley.

Proctor Knott's Rabbit Story.

The Sampson-Schley controversy has revived Proctor Knott's "rabbit story" in connection with the credit for the victory at Santiago. Ex-Gov. Proctor Knott and John Yerkes were discussing the claims of Sampson and Schley to the credit of smashing Cervera at Santiago.

Mr. Yerkes took the ground that all the honor of that memorable conflict belonged to Admiral Sampson and was inclined to entirely ignore Commodore Schley's part in the affair. The Governor listened until his companion had finished, and then with a twinkle in his eye said: "My dear sir, it is exceedingly gratifying to me to hear you take the position you have in this matter. It is like a balm to my conscience and settles a point that has worried me many a day. I was walking through the woods once with a boy friend of mine when we saw a rabbit run into a sinkhole. We stood around the hole awhile; then I told the boy to keep watch while I went home to get some fire to smoke the rabbit out. When I returned the boy had the rabbit, I took it away from him, claiming that it belonged to me because I told him to catch it if it came out. That was over fifty years ago, and you are the first man that has ever agreed with me that the rabbit was mine. I feel now that I was right in taking it and my conscience is at rest." Mr. Yerkes looked solemn for a few moments, and then smiled a feeble smile and changed the subject.

Be More Charitable.

Only a few months ago President McKinley traveled through the South and West, where life is so often held too cheaply, and not even an unkind word was uttered against him. It was in the East that he received the wound that may end his life. It is not the fault of the Eastern people that the tragedy occurred where it did, but it ought to help them to be more charitable and to impress them with the fact that all the wickedness and lawlessness is not confined to any particular section of the country.—Georgetown Times.

Double Killing in Estill County.

On Monday night of last week, at Millers Creek, Lee Scott and James Jonett killed each other.

Jonett, a photographer, boarded the train at Richmond in an intoxicated condition. At Irvine he was joined by Nimrod McIntosh. After arriving at Millers Creek they went to Scott & Baker's store and ordered the fifteen-year-old son of Scott to row them across the creek. The boy claimed that they threatened to kill him if he refused, and notified his father of the men's conduct.

Scott procured a revolver and found Jonett and McIntosh trying to break the lock on the skiff. A fight ensued in which both Jonett and Scott were killed.

At a conference of the leading business men of Owensville plans were taken to build a railroad from that city to connect with the C. & O. at Preston.

George Huesmann, a mounted patrolman on the police force of Cincinnati, was subjected to the humiliating ordeal of having the insignia of his rank taken from him before a crowd of brother officers in the office of the Chief of Police on the charge of having made the remark that he was glad that President McKinley was shot. His wreath and badge were taken from him and the buttons were cut from his uniform.

Rev. Geo. A. Joplin conducted a
most interesting and appropriate
memorial service at the First Pres-
byterian Church Sunday morning,

Reigneth." The sermon dealt
with the noble life and character
of our late President, in a most
tender and touching way.

Only recently, at the celebration
of the sacrament of the Lord's Sup-
per in a Presbyterian church in
Washington, D. C., there were pre-
sent as devout participants, two Ad-
mirals of the navy, a General of the
army, two Justices of the United
States Supreme Court, and a former
Secretary of State. And, with all
this, some people will persist in
declaring that Christianity has
lost its hold on all men of strong
mind and character. Well!

On Sunday morning, September
29th, the Sunday School of the
First Presbyterian Church will
hold its annual rallying day exer-
cises. It is hoped that on this oc-
casion all who have ever attended
this school will be present if at all
possible. The order of service
entitled "The Nineteen Christian
Centuries" will be of great interest
to all who attend.

man, Sunday morning, September

He Was Right.

We heard a story once of a good
fairy who told three old colored
men that they might have anything
they wished for provided they did
not all wish for the same thing.
The first being asked to make a
wish, said, "Watermelon." The
other two refused to make a wish
because they said, "dat fust nigger
ger got everything with wishin'
for." After partaking of that
fine melon donated The Advocate
last week by Mr. Joe Caulliff
of Spencer, we are convinced that
the "fust nigger" was right if it
was one of Mr. Caulliff's melons
he wished for. Mr. Caulliff has
43 acres of the finest we have
seen and we thank him for the one
donated.

We heard a story once of a good fairy who told three old colored men that they might have anything they wished for provided they did not all wish for the same thing. The first being asked to make a wish, said, "Watermelon." The other two refused to make a wish because, they said, "dat fust nigger got everything with wishin' fur." After partaking of the watermelon donated by Mr. Joe Caulliff, we are convinced that the "fust nigger" was right if it was one of Mr. Caulliff's melons he wished for. Mr. Caulliff has 44 acres of the finest we have seen and we thank him for the one donated.

Scrofula

THE OFFSPRING OF HEREDITARY BLOOD TAIN.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and sometimes white swelling—mere signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purging and building up the blood and stimulating and improving the whole system.

"I am S. S. S. on Public Square, Nashville, Tenn. Ten years ago my daughter fell and cut her forehead. From that wound the glands on the side of her face became swollen and burst. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S. and a few bottles cured her entirely."

S. S. S. makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It cures all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited the blood in good condition and prevent the disease doing further damage. Send for our book and we will write our physicians about your case. We make no charge whatever for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

BRITISH DESERTERS.

Remarkable Devices Resorted To to Escape Serving Out a Term.

To desert from the British army of the navy, says the Regiment, is not the easiest thing in the world, and even when accomplished the culprit lives in daily fear of being recaptured and sentenced to a heavy term of imprisonment. Therefore, the devices employed by some deserters are as ingenious as they are exciting, although they cannot be said to be always successful. For sheer audacity the case of an Irish soldier who deserted in a south coast town some years ago would be hard to beat. Just at that time a number of desertions had occurred in the neighborhood, and the authorities were therefore unusually sharp to prevent a further increase of this nature. But the man in question was dissatisfied with soldiering, and having a number of friends in the town who were disposed to help him, and being possessed of an unusually large modicum of pluck, resolved to do his worst to escape. He was, however, one morning early he slipped out of barracks and made his way to a friend's house without being seen. Arriving there, he shaved off his mustache, and donning a policeman's uniform, boldly promenade the main streets of the town. He knew that the surrounding country was being scourged in the hopes of finding him. On one occasion his sergeant came up to him and asked him if he had seen or heard anything of the missing man, but he, of course, replied that he had not, but he would keep his eyes open! For more than a fortnight he preserved his disguise without it being penetrated by even the police themselves, and he then calmly left the town when the hue and cry had subsided somewhat. Nevertheless, his disguise came to naught, for he was arrested in trying to work his passage back to Ireland.

Scarcely less audacious was the ruse employed by another dissatisfied son of Mars, and in this case, likewise, it proved futile. He happened to know that a certain publican in the town was in anything but affluent circumstances, for he visited the house regularly, and from remarks dropped at odd times discovered that the publican was heavily in debt to a Scotch spirit merchant. One morning, as soon as the publican opened his doors the soldier arrived, after having first disguised himself with a beard and wig and donned civilian attire. With him came a friend, who agreed to act as a representative of the law, and he promptly told the astonished publican that he had orders to leave a man in possession unless the sum owing to the Scotch spirit merchant was paid to him there and then. The publican, of course, could not pay, so the deserter was quartered upon him, and lived in his house and at his expense for more than a week before the deception was discovered. Perhaps the most successful deserter—for a time—was William Conrad. Through one of his comrades he heard of a man whose son had gone to Australia gold mining, and had apparently disappeared, for nothing more had been heard of him. Though the parent still believed he would see him again, Conrad therefore hit upon the ingenious idea of leaving the army by stealth, and going to the man, inform him that he was the missing son. As his knowledge of Australia was considerable, he lost no time in putting his plan into execution, and the parent, believing in him despite the supposed alteration in his appearance, provided him with a home and money galore, a commodity he confessed he lacked. But, unfortunately for him, at the end of 18 months the real son turned up, and what followed can better be imagined than described.

If you are troubled with inodorous breath, heart burn, flatulency, headache, acidity, pains after eating, loss of appetite, persistent melancholy, or low spirits, you need a tonic. A few doses of Herbine will give you the recuperative force to remove these disorders. Price, 50 cents. Thos. Kennedy.

Impeachment Talked Of.

A movement is said to be on foot to institute before the General Assembly at the next regular session impeachment proceedings against certain of the judiciary of Eastern Kentucky counties who have stood between Henry Howard and John Powers, the alleged murder conspirators, and the law.

White's Cream Vermifuge is essentially the child's tonic. It improves the digestion and assimilation of food, strengthening the nervous system and restoring tone to the health, vigor an elasticity of spirits natural to childhood. Price 25 cents. Thos. Kennedy.

Ninety-year old Peter Passage, a wealthy farmer of New York, married Mrs. Henry Gross Mesner, aged eighty-five years. This ended a romance beginning in Southern Kentucky in their youth, when they were engaged, but the girl's father interfered.

Henry Braydon, Harris, N. C., says: "I took medicine 20 years for asthma but one bottle of One Minute Cough Cure did me more good than anything else during that time. Best Cough Cure. F. C. Deerson.

Near Oil Springs in Clark Co., oil indications are said to be good. A company with B. A. and W. T. Ogden, L. H. Bush and J. M. Benton, of Winchester, as incorporators has been formed.

Take life as it comes and make the most of all circumstances, but for a bad cough or cold, take Ballard's Horehound Syrup, the best known remedy for quick relief and sure cure. Price, 25 and 50 cents. Thos. Kennedy.

Corporations.

The following recently filed articles:

The Mayo Coal Company, of Paintsville, Johnson county. It has \$25,000 capital, and John C. Mayo, John F. Howes and M. S. Mayo are the incorporators.

St. Darling, 101* Howard St., Port Huron, Mich., writes: "I have tried many pills and laxatives but DeWitt's Little Early Risers are far the best pills I have ever used." They never gripe. F. C. Deerson.

New Judicial District Wanted.

The condition of the docket of the Franklin Circuit Court presents a gloomy outlook to litigants and others, having business with the court, and makes an unanswerable argument in favor of creating a judicial district to be composed of Franklin county alone."

Many physicians are now prescribing "Kodol Dyspepsia Cure" regularly, having found that it is the best prescription they can write because it is the one preparation which contains the elements necessary to digest not only some kinds of food but all kinds and it therefore cures indigestion and dyspepsia no matter what its cause.
